President

Hey y'all !! Hope all is well for Polk County ABATE members and precious "wind therapy" is abundant! First off this month: The State ABATE guns give a way. This is so important to ABATE of Florida, and all the individual Chapters, as this money funds not only our pro biker causes, but a voice in Tallahassee through our own Lobbyist. And as everybody knows, lobbyists behind the scene are critical to get an agenda through the "complicated" maze of government in this state (and country). Like it or not, that's the way it is. So back to the fund raiser of giving guns away. For \$5.00, the purchaser has a chance to win 1 of 2 guns: a Henry 30/30 lever action rifle, or a 12 gauge Double Barrel Shot Gun! Buy 2 chances and you have a chance to win BOTH OF THEM!! Bothers and Sisters, we live in POLK COUNTY!! There's gotta be more demand for these kind of weapons than in lots of other counties! These

things sell themselves...just ASK friends, neighbors, fellow workers, etc. A whole bunch of y'all have these tickets in your possession, and you can make this a success. At the next 3 Chapter meetings (Sept, Oct, and Nov,) you need to start turning in the stubs of the tickets sold, and of course, the money collected. Polk County Chapter has always been one of the TOP sellers of this fund raiser, and was 1st place 2 years ago. Let's do it again, help out our State ABATE, and ourselves!!

Next up is the Toy Run. Chapter officers are diligently working on their particular assignments, regarding a Police Escort, Event Shirts, putting out boxes in businesses for donations, Sponsorship Forms, Safety & Membership Information, and other matters. As a Chapter, we will make this event a success, with Toys Collected going to Polk County Christmas Angels, ALL gifts stay in POLK COUNTY!! Finally, 2 dates ahead in December 7 and 14 (Saturdays) we are grilling for Lakeland Harley Davidson, and will be able to keep TIPS for our volunteer work. Let me know as it gets closer if you can help. Speaking of grilling at HD, I went in to buy oil & filter a couple of weeks ago, on a Saturday, and they told me the group scheduled to grill the next day had cancelled, and asked if we could cover it. Of course 1 days' notice is rather short, and I told her I would make some calls and call her back. It didn't take but 2 calls, and "Crazy Rick" said he'd help me and we were able to earn some funds for the Chapter. Thanks so much bro. That's the kind of attitude that makes us such a great Chapter, and one that I am PROUD to be a part of. That's it for this month. RIDE SAFE AND ENJOY.....Zman.

Vice-President

I hope this news letter finds you all in good spirits in all ways including the very happy motorcycle seat time! Speaking of that, Me, Dewey Cain and Tommy Morris took an epic ride to the Barber Vintage Motorsports Museum in Leeds Alabama WOW,bring some good walking shoes and batteries because you will take lots of pics and do plenty walking,!they had motorcycles that I had never heard of.5 floors of beautiful motorcycles.also a Lotus collection.definitely worth the ride!We also put in some epic seat time while riding in Alabama!On another hand we have our state gun tickets available,one 30/30 HENRY LEVER ACTION OR 12

GAUGE SHOTGUN,not bad for a chance at two weapons for 5bucks .10 bucks could get em both!We are looking for support for our upcoming POLK COUNTY CHRISTMAS ANGELS TOYRUN,please contact me or any board member about a contribution.I appreciate all the help and support from all my ABATE brothers and sisters!if there is question or something i can help you with, gimme a shout!Every one ride safe out there and watch your mirrors and those people making left hand turns, it is our responsibility to be ever vigilant to be aware of these distracted drivers!Please be careful out there ...Roadmap V President

Safety

Hello Everyone!

By the time you receive this, school will be back in session.

Remember our children at the crosswalks and bus stops. Additionally you want to stop for any bus that is on either side of the road. The only time you do not have too is a divided median.

Don't forget to do a safety check on your bike if it has been awhile.

Till Then. See You In Third Gear.

Legislative

Hey y'all.....here's the latest from Tallahassee and beyond....Zman.

From The Desk of The President

I want to thank Southeast Chapter for providing an excellent venue for the August state meeting. The next state meeting will be hosted by Gulf Coast Chapter in Pensacola. There was an excellent turnout with a lot of people I haven't seen in years.

The planning for the next legislative session is 90% completed. We have sponsors for our bills and we have talked to legislators about sponsoring a bill or resolution on motorcycle profiling. Remember next year is an election year not only for the federal government but the state government. Campaigns are going to come looking for your vote. We need to contact every law maker in every district and let them know that we want their support if they want our vote.

I have an update on the abate cruise leaving from Port Canaveral the dates are May 1, 15, and May 29th. I still haven't got the firm price yet but the travel agent will have it to me shortly. Remember it's double occupancy but you can have three to a room and it would be a little cheaper per person. As soon as I get more information I will get it out to you.

I hope to see all of you in Pensacola in October. Until then keep your tires on the road and Ride Safe and Free!!!

POLLING BEGINS FOR SPECIAL SESSION ON GUNS August 21, 2019 NSF Staff

Florida lawmakers have until Aug. 27 to weigh in on a special session on gun violence sought by House Democrats. Secretary of State Laurel Lee late Tuesday night announced that polling of legislators had begun. The polling comes after 41 House Democrats, more than the 20 percent of the chamber needed to activate the survey, "filed written certifications with the Department of State asserting that conditions warrant convening the Legislature into special session," Lee's office said in a press release. The request for a special session, which doesn't have the backing of Republican leaders, requires 60 percent support from both chambers --- 72 members of the House of Representatives and 24 members of the Florida Senate --- for the session to be called. The Democrats' demand for the special session comes in the wake of mass shootings in El Paso, Texas, and Dayton, Ohio, earlier this month. The shootings reinvigorated Democrats' efforts to pass stricter gun regulations. The House Democrats are seeking background checks for the transfer of all firearms, prohibitions on the sale and possession of large-capacity magazines, revisions to requirements about in-home weapon storage, an expansion of the state's "red-flag" law that allows judges to order the removal of guns from individuals who pose a danger to themselves or others, and the creation of an "Urban Core Gun Violence Task Force." To win the call for a special session, Democrats will have to hold their own ranks and sway 25 House Republicans and seven members of the GOP in the Senate. Cementing bipartisan support for a special session on the topic of guns seems unlikely, however. Senate President Bill Galvano, R-Bradenton, and House Speaker José Oliva, R-Miami Lakes, said Monday they don't support calling the Legislature into a special session on the issue. Committee meetings begin next month in advance of the regular 2020 legislative session, which starts in January.

REPEAL SOUGHT OF LONGSTANDING GUN LAW August 14, 2019 NSF Staff A Democratic senator Wednesday filed a bill that seeks to repeal a decades-old prohibition on cities and counties passing gun restrictions that are stricter than state firearms laws. Sen.

Annette Taddeo, D-Miami, filed the bill (SB 134) for consideration during the 2020 legislative session, which starts in January. Florida since 1987 has barred cities and counties from passing regulations that are stricter than state firearms laws. The issue gained renewed attention last month when a Leon County circuit judge struck down a 2011 law that threatened tough penalties if city and county officials approve gun restrictions. Attorneys for the state have appealed the circuit judge's ruling, which did not strike down the underlying 1987 law, known as a "preemption" law.

LAWMAKER SEEKS TO ROLL BACK GUN RESTRICTIONS August 9, 2019 NSF Staff

A Panhandle Republican is again asking the Florida House to repeal gun-related provisions of a law passed in 2018 after a mass shooting that killed 17 people at Marjory Stoneman Douglas High School in Parkland. Rep. Mike Hill, R-Pensacola, on Friday filed a bill (HB 6003) for consideration during the 2020 legislative session that would roll back parts of the 2018 law, which raised the minimum age from 18 to 21 to purchase rifles and other long guns, required a three-day waiting period for buying the weapons, banned so-called bump stocks and established what is known as a "red flag" system. Hill proposed a similar bill for the 2019 legislative session (HB 6073), but it was not heard in committees. The 2020 session starts in January. "Red flag" laws have drawn heavy attention nationwide after separate shootings last weekend that left 22 people dead in El Paso, Texas, and 10 people dead in Dayton, Ohio. Such laws allow law-enforcement agencies to seize firearms from people who may pose a threat to themselves or others. U.S. Sen. Marco Rubio, R-Fla., was among people urging U.S. Senate leaders to take up a red flag bill he introduced in 2018 after the Parkland shooting. On Monday, Florida Senate President Bill Galvano, R-Bradenton, directed Senate Infrastructure and Security Chairman Tom Lee, R-Thonotosassa, to lead efforts to determine if any further action is needed on state gun laws.

FROM THE AMA

WASHINGTON, D.C. -The Office of United States Trade Representative has proposed 100 percent tariffs on motorcycles imported from countries in the European Union with an engine size between 500cc and 700cc, along with parts and accessories. The AMA is joining others in the motorcycling community to oppose the latest ill-conceived proposal -- part of a dispute over aircraft subsidies -- which would cause serious, and potentially irreversible, harm to American small- and medium-sized business owners selling the motorcycles, parts and accessories. To register your opinion, go to <https://tinyurl.com/y2x7oq8m>.

FOLSOM, Calif. - The city has installed new traffic signals that use high-definition cameras that can tell how fast vehicles are approaching, triggering the light to change according to traffic flow. Six of the lights were installed along Empire Ranch Road, where city officials say drivers frequently were speeding. The lights change their timing, so someone driving faster than the posted speed limit will be stopped at several red lights. City officials say the lights will not be used for law enforcement.

ANNAPOLIS, Md. - Motorcycle tolls would be cut in half under a plan to modernize Maryland's toll system in 2020. A public comment period begins today, Aug. 1, for the new tolling options proposed by the Maryland Transportation Authority board. The public comment period ends at 5 p.m. Oct. 3. A final report will be submitted Oct. 31 for review by the MDTA board and will be posted at mdta.maryland.gov for additional public comment. The board is scheduled to vote on a final recommendation at its Nov. 21 meeting.

Gov. Larry Hogan said the toll relief package would save Marylanders more than \$28 million over five years. **CONCORD, N.H.** - A memorial is being planned for the seven motorcyclists killed in a June crash caused by a pickup truck that crossed the centerline. American Legion Post 82 in Gorham hopes to create the memorial near the crash site in Randolph, N.H. The memorial would include a granite slab with the Jarheads Motorcycle Club logo on it, as well as benches, the U.S. Marine Corps logo and a parking area. The Jarheads is a New England motorcycle club that includes Marines and

their spouses. The pickup driver, 23-year-old Volodymyr Zhukovskyy, of West Springfield, Mass., has pleaded not guilty to negligent homicide. Officials say Zhukovskyy's license should have been suspended because of a previous drunken driving arrest.

OLYMPIA, Wash. - Fines increased July 28 for repeat offenders and new fines became effective for those violating the high-occupancy-vehicle lane law by using dummies to cheat the rules that require two or more occupants per car. The maximum fine is \$536.

Motorcycles are permitted in Washington's HOV lanes whether the rider is carrying a passenger or not. **MADISON, Wis.** - ABATE of Wisconsin reports that two state senators are circulating a draft bill that would allow retailers to dispense all blends of fuel through one pump nozzle. The bill (LRB 2170/P1) would apply to fuel blends up to 15 percent ethanol (E15). The AMA joins ABATE of Wisconsin in opposing this bill, which would dramatically increase the likelihood of inadvertent misfueling by motorcyclists. No motorcycles or ATVs sold in the United States are certified by the U.S. Environmental Protection Agency to operate on fuel containing more than 10 percent ethanol (E10).

LONDON - Drivers who cause someone's death as a result of looking at their phones while driving could face life in jail. The current maximum penalty is 14 years. Last year, 122 people were sentenced for causing death by dangerous driving and a further 21 people were convicted for killing someone when under the influence of drink or drugs. British Transport Secretary Chris Grayling backs the plan to make the punishment better fit the crime. **Industry News MILWAUKEE** - The Harley-Davidson Motor Company is offering two years

of free charging for its LiveWire electric motorcycle at ChargePoint stations at participating Harley dealers. The company also is providing 500 kWh of charging service at Electrify America stations. The LiveWire is Harley's first electric motorcycle, claiming a range of 140 miles of city driving per charge.

MILWAUKEE - The Harley-Davidson Museum's new exhibition, "Daredevils: A Century of Spine-Tingling Spectacles," shines a new light on daredevil shows. The oldest artifacts on display include the "Globe of Death" from 1912; photos of the Parry Sisters in action from around 1915; and old show posters. Covered are the exploits of Buffalo Bill Cody, Evel Knievel, Super Joe Einhorn, Matt MacDuff, Debbie Evans, Dar Robinson, Bubba Blackwell, Joey Chitwood, and others. There are motorcycles, costumes, posters, photographs and videos to see. IRVINE, Calif. - Bonnier Motorcycle Group has launched a digital media brand focused on electric mobility called Cycle Volta. The digital brand covers electric-assist bicycles, micromobility and electric motorcycles across digital, video (including YouTube) and social media platforms. Additional e-bike information will be distributed through content-syndication partners.

That's it for this month.....RIDE SAFE AND ENJOYZMAN

Hi Polk County!

I wanted to thank everyone who helped me with Jr's Birthday Ride. He had a blast!

For those of you who don't know, Jr lives next door to our meeting place. Every time we have an event or a meeting his mother pushes him in his wheelchair to the fence line so he can see the bikes. He loves motorcycles. Jr is 26, but has severe Cerebral Palsy. Muff from the CMA has a sidecar on his bike. With the help of Muff and the CMA, we made Jr's day.

Thanks to Bob Fletcher for leading the ride for me as I'm still down. I followed in the chase truck.

History of ABATE of Florida, Inc.

ABATE came to Florida in the mid 1970's. At that time it was a group of individual and unaffiliated chapters. In 1979, ABATE of Florida, Inc. was formed by the individual chapters. This union was the basis for today's organization. Throughout the years, ABATE of Florida, Inc. has strived to be an effective political force for the rights of motorcyclists in Florida. We have also attempted to keep up to date on all legislation on a federal level and have tried to input our concerns to our federal officials.

ABATE of Florida, Inc. has hired a professional lobbyist to aid us in our fight for freedom of choice. Our lobbyist has also been instructed to keep a close watch on all State or National legislation that would affect all motorcyclists.
